Fred,
We are revising our sampling plan tables to organize parameters by anticipated labs. I'll also revise my Tier IV parameters/costs. We'll forward to everyone as soon as they are revised.

Fred,
That time is good for us. I spoke with Dr. Ludwig earlier this morning. He had some commitments this afternoon, but would be on the call if possible.

Fred,
Would you be available to have a conference call this afternoon to discuss the Dimock sampling parameters?
